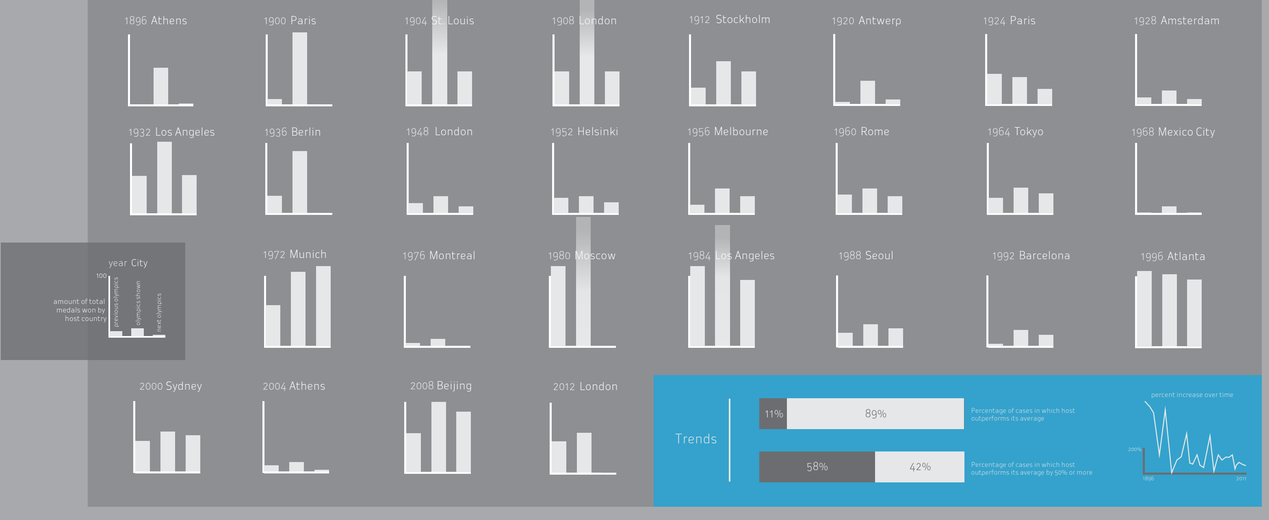
MEDAL SECRETS

Summer Hosts

+ this map shows that hosts of the summer games have been located in predominantly western powers, although recently the games has taken place in more and more emerging markets.

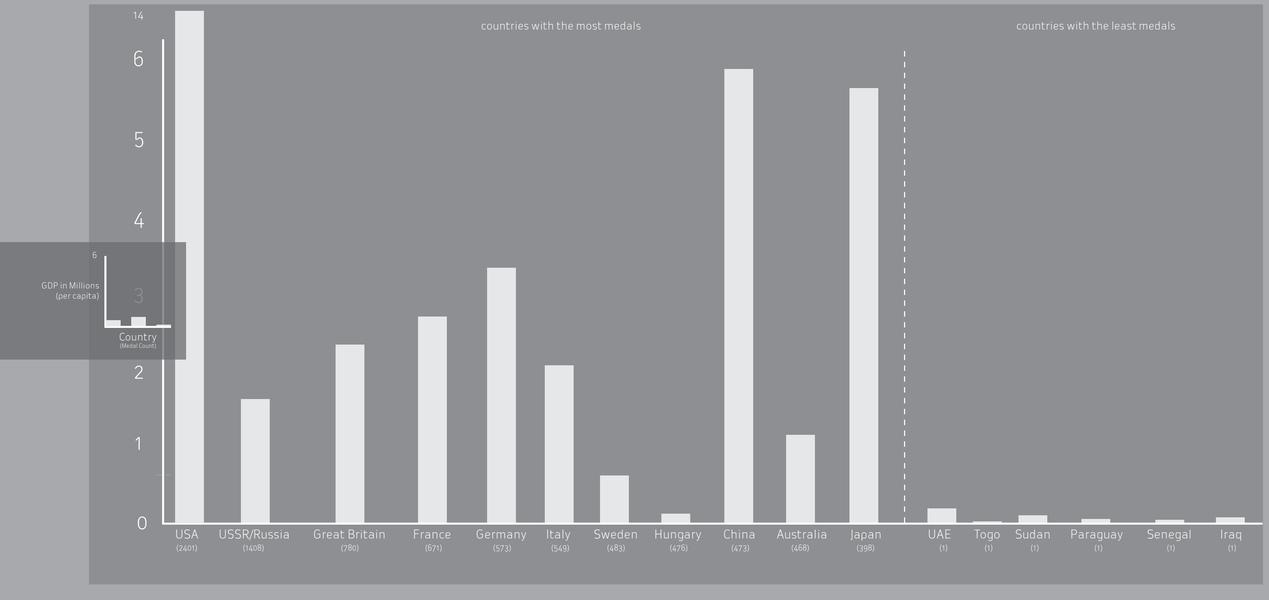
Home Field Advantage

+ In almost every case the host countries win more medals then they normally, or logically, would.



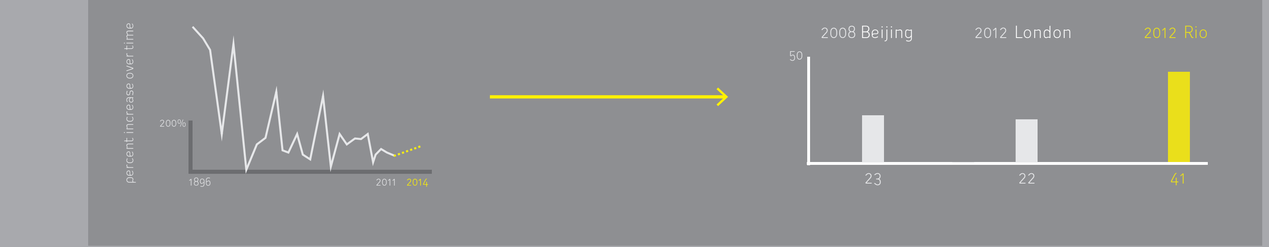
Mo' Money Mo' Medals

+ countries with the highest overall medal counts have substantially higher GDP per capita then countries who have only won one medal.



Brazilian Predictions

+ based on the previous data and trends we can make a prediction of how many medals Brazil will win at Rio De Janeiro 2016



Noah Stack 2012. All Data compiled from The International Olympics Committee and The United Nations
