

# BEDFORD HILL

## Craigslist's Role in Shaping a Neighborhood

Realtors and rental companies consistently advertise apartments with Bedford-Stuyvesant (Community District 3) addresses as located within the neighborhood of Clinton Hill. As a result, the neighborhoods become fused, their boundaries blurred through false advertisement and misinformation. Craigslist plays a part in the gentrification of Bedford-Stuyvesant by highlighting those desired elements of Clinton Hill and concealing those least desired of the Bedford-Stuyvesant neighborhood.
